### **REPTON SCHOOLHOUSE LAUNCHES IN SINGAPORE WITH INAUGURAL OPEN HOUSE**

- *First Repton Schoolhouse to be Launched in Singapore*
- *Combining the Best of British Education and a Bilingual Singapore Curriculum to Prepare Children for a Truly Global Future*

**02 October 2018, Singapore** – Building on 460 years of excellence in education in the UK, Repton Schoolhouse Singapore combines the best of Singaporean and British programmes and traditions to give children a truly global future. In an environment steeped in foundational character development and academic excellence, Repton Schoolhouse provides a unique curriculum with a holistic programme inclusive of Science, Technology, the Arts and Sports to lay in our children a strong foundation for success in life. To cater to the local market, Repton Schoolhouse Singapore will be the first Repton school to offer bilingual (Chinese) learning in its curriculum.

Spanning approximately 6,000 square feet, Repton Schoolhouse Singapore's grand entrance receives the children warmly with a huge open play and learning area. The open concept is in line with its curriculum to facilitate self-directed learning, create curiosity, encourage the inquiring mind and the freedom of movement and speech for the child. It also houses 6 large classrooms with purpose built design for break-out sessions for different types of learning throughout the day including opportunities to interact with technology.

During the inaugural open house, Repton Schoolhouse Singapore will have a range of learning experiences for children and their parents to have a taste of the learning methods implemented at the school. Parents and children can look forward to interesting programmes such as “Jiggles, Jingles and Rhymes” (for toddlers to 3 year olds), “Inquiring Minds, Exploration, Investigation and Problem Solving” (for 4 to 6 year olds) and “Chinese Made Easy Through Stories, Songs and Games” (for 4 to 6 year olds). There will also be 2 sessions of the “Roald Dahl Readers Theatre” to instill the love of reading and storytelling in children. Roald Dahl is one of the prominent Repton alumni.

Repton Schoolhouse is the first collaboration between CES Education and Repton International Schools to establish kindergartens in Singapore and across several Asian countries. Repton International has a strong track record as a provider of premium school education. Established in 1557 in Derbyshire, England, Repton UK is one of the most prestigious independent schools in Britain, with over 460 years of history and experience. Repton has already established a strong brand identity in the Middle East.

Says Louise Grant, Founding Director of Repton Schoolhouse Singapore, “Repton Schoolhouse Singapore offers a truly unique curriculum as it combines both British and Singapore educational excellence to set firm foundations essential during the early years. We offer a rich, stimulating and nurturing environment. Our belief in developing the whole child means we seek to develop the maximum learning potential in each child including a strong focus on character and values development. With the bilingual curriculum and a pool of extremely talented teachers, each child will be well-prepared to enter primary education in Singapore.”

Repton Schoolhouse Singapore's Inaugural Open House will be on 26 and 27 October 2018, from 10am to 5pm on both days. For details of the Open House programme and Louise's profile, please refer to Annexes A and B respectively.

### **PROFILE OF LOUISE GRANT**

#### **Louise Grant – Founding Director, Repton Schoolhouse Singapore**

Louise Grant is a respected educator with over 30 years' experience in education. Louise arrived in Singapore in 1993 as the Foundation Head of Primary at the Australian International School and has enjoyed a career in leadership of international schools over the last two decades.

Louise held a number of leadership positions at Alice Smith School, a British international school in Kuala Lumpur during the 1990s. During her time in Malaysia, Louise attained a Master of Education from the University of

Sydney.

Returning to Singapore in 2003, Louise was appointed Senior Curriculum Coordinator at United World College of South East Asia. Following this, she was appointed as Foundation Principal of SJI International Elementary School, Singapore. Louise has spent the last four years as Principal of St Mary's Primary School in rural New South Wales.

Louise feels privileged to be establishing the Repton brand of education in Singapore through the Repton Schoolhouse Child Care Centres and Kindergartens. She is a dedicated, enthusiastic leader and educator who aims to guide and support children, teachers and school leaders to empower their self-belief and be the best they can be.
